

AllClear

POND CLARIFIER

Cleans and clears water naturally

- ⚡ Natural bacteria and enzyme cleaner
- ⚡ Permanently removes organic matter such as uneaten fish food, leaves and twigs
- ⚡ Super concentrated formula, designed to treat more water for less
- ⚡ Safe for all aquatic life

AllClear is a natural bacteria and enzyme pond treatment that adds billions of bacteria colonies to eat organic materials that accumulate in ponds, simultaneously clarifying water, seeds filters, reduces ammonia, and enhances oxygen levels.

AllClear is a maintenance solution designed to help prevent the need for harsh chemicals to address dirty water issues. Apply weekly or as needed for ponds with persistent challenges. Effective across all pH levels and temperature ranges.
