

# ClearUp

POND BACTERIA

## Natural bacteria for routine maintenance

- ⚡ Natural bacteria and enzyme pond cleaner
- ⚡ Clarifies water and removes suspended particles
- ⚡ Works quickly and efficiently
- ⚡ Safe for all aquatic life

ClearUp is a natural blend of bacteria and enzymes specially formulated to colonize filters and hard surfaces within the pond, maintaining clean and clear water year-round. Use ClearUp to improve cloudy water, increase dissolved oxygen levels, and eliminate decaying organic matter in the pond ecosystem.

As a maintenance solution, ClearUp helps prevent the need for harsh chemicals to address dirty water problems. For optimal results, apply the appropriate amount directly to the pond or into the skimmer or filtration system. Use weekly or more frequently for ponds with persistent issues. It is effective in all pH levels and temperature ranges.

### Product Information

UNIT SKU	SIZE
35.4201	16 oz
35.4202	32 oz
35.4203	1 gal

### Application Rate

POND SIZE	RATE PER WEEK
Up to 1,000 gallons	1 fl oz
2,000 gallons	2 fl oz
5,000 gallons	5 fl oz

SuperNatural products are manufactured following Good Manufacturing Processes for "General Principles of Food Hygiene". Failure to use as directed on label or changes in water conditions not consistent with label may result in loss or injury to aquatic life.
