

EcoBlue

NEW

POND DYE

Makes pond water sparkle

- ⚡ Shades and keeps your pond clean and cool
- ⚡ Long lasting, beautiful blue color
- ⚡ Super concentrated formula designed to treat more water for less
- ⚡ Safe for all aquatic life

Enhance the beauty of your pond while promoting a cleaner and healthier environment with our vibrant aquatic dye. EcoBlue adds a vivid blue hue, enhancing the natural aesthetic of ponds, water gardens, and fountains. The shaded water created by EcoBlue helps keep the environment cleaner and cooler, reducing the risk of waterborne ailments in aquatic animals compared to unshaded ecosystems.

Apply the recommended amount of EcoBlue based on the total water volume in your pond. EcoBlue can be used for routine maintenance or as needed when issues arise. Always shake well before application. Avoid overdosing, and ensure aeration is running continuously during use. Do not use other water treatments simultaneously with EcoBlue applications.
